### Update for the AILG Plenary

Last Fall semester we completed all 16 of our planned reviews on time, returning reports to the organizations within one to two weeks in almost all cases. This Spring we have an even more aggressive schedule, with 18 reviews to be conducted on the four first Saturdays of Feb/Mar/Apr/May.

We have some 28 committed volunteer members serving on our visiting teams, and it is impossible to thank them enough. On our review days, three-member teams visit two groups each. **FOR THE 7 MARCH VISITS I NEED NEW WOMEN VOLUNTEERS** to join the five men and one woman who have already volunteered. Of our 28 volunteers, only six are women, and only one of those six is available 7 March. Please help me recruit more.
