Interview Time Slots

We will conduct our Fall 2008 interviews during two time slots: Morning (9-11:00) and Afternoon (1:00-3:00). Visiting Committees will be composed of three or four members and each Committee and will work from 8:15 am until 4pm to prepare, visit two groups, and draft initial reports. Each Committee is expected to send their completed reports to the Accreditation Coordinator within four days.

New Basic Data Form

The BDF is now an online web form, allowing data to be saved for collaboration between alumni and undergrads, and to carry data forward to serve as a starting point for next year.

Last Year's Report available

The 2007-8 Year-End Report of the Accreditation Committee is available linked from <http://web.mit.edu/covert/ailgreviews/> and contains detailed information about the program and its procedures.
